1. [ ] Delivered to George Murphy, Joint Committee on Atomic Energy staff, an updated copy of the Alert Worksheet. [ ]

[ ] Mr. Murphy advised me that Mr. Holifield (who, under Committee rules, will be Chairman of the Joint Committee next year) has written a letter to the President on the subject of the multilateral force. His letter, which Murphy showed to me, urges that the President make no commitments with respect to the MLF this year. (See Memo for the Record for details.)

25X1 4. [ ] Advised Mrs. Holmes, in the office  
25X1 of Representative Carl Albert, that we had explored employment  
possibilities for [ ] and it appeared doubtful  
the Agency would have an opening for him.

25X1 6. [ ] At his request, I met with Sam Archibald,  
on the staff of the Information Subcommittee of the House Committee on  
Government Operations. Archibald said the Subcommittee is planning  
an extensive study on currencies. He has talked with State Department  
about this and has not been particularly impressed with the information  
or assistance given by the Department. Archibald pointed out he did not  
wish to get into any Agency matters in connection with this study except  
to have access to any information the Agency might have on the currency  
problem as such. He has specifically requested access to "Reference  
Guide to National Intelligence Surveys" and "Annual National Production  
Status Report." He feels these will be useful to him in getting a better  
grasp of the scope of this subject.
